An overview of my design skills, tools, and professional experience.

03. EDUCATION & CLOSING

My education, certifications, and ways to get in touch.

01
About me

A closer look at my background, what led me to design, and how I approach my work.

Personal journey

A quick snapshot of my education, background, and experience in design.

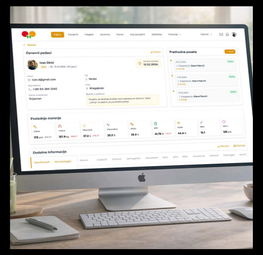

Serbia	Location
1997	Year of birth
7 years	Experience
History	Education

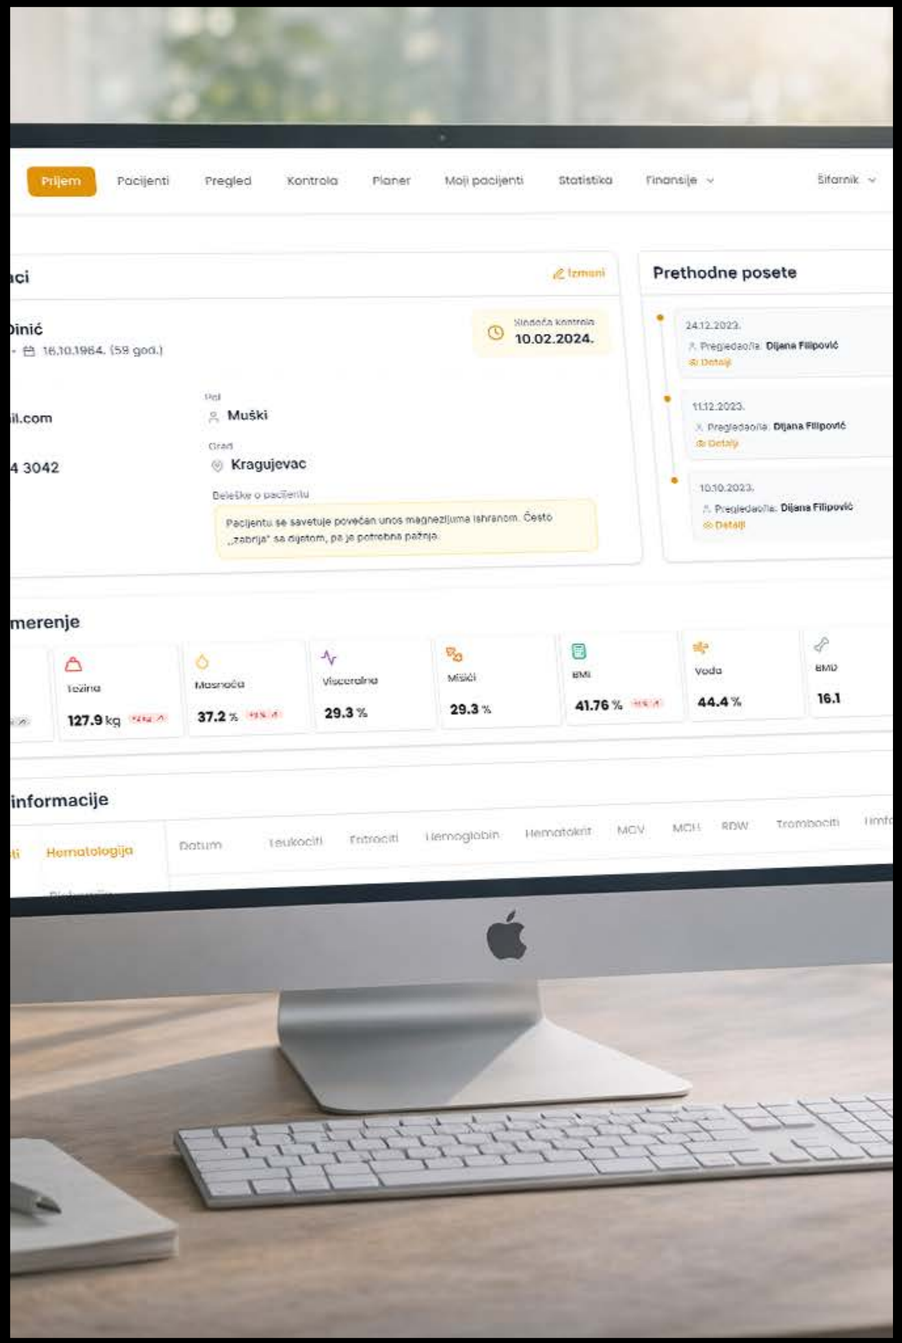

About me

I'm a **Product Designer** focused on creating thoughtful web and mobile experiences. My interest in programming led me into tech, where I discovered design. With a background in history, I bring an **analytical mindset** to user research, flows, and interface design. I enjoy solving complex problems, refining details, and working with teams to bring ideas to life.

02

My skills

From research and user flows to polished interfaces, this section highlights the skills, tools, and experience behind my work.

Skills, tools & strengths

01 DESIGN SKILLS

- Wireframing
- Prototyping
- User research
- Responsive design
- Information architecture
- User flows
- Design systems
- Visual design & branding
- Personas
- User journey mapping
- Usability testing
- UI components & states
- Interaction & motion design
- Developer handoff
- Design QA & iteration

02 TOOLS I USE

- Figma
- FigJam
- Photoshop
- Illustrator
- After Effects
- Miro
- Notion
- Trello
- Jira
- Maze
- Dovetail
- Lookback
- Amplitude
- Mixpanel
- Google Analytics 4
- ChatGPT
- Claude
- Figma AI

03 STRENGTHS

- Attention to detail
- Critical thinking
- Planning & organization
- Systems thinking
- Adaptability
- Collaboration
- Creativity

HYPERETHER

Oct 2021 – Mar 2026

Designed web and mobile applications across multiple client projects, focusing on user flows, interface design, and consistent UI patterns. Worked closely with cross-functional teams to turn requirements into practical product experiences.

SATURIZED

Nov 2020 – Oct 2021

During my internship at Saturized, I contributed to web and mobile design projects, working on wireframes, typography, layouts, branding, and visual assets.

SAE INSTITUTE

Apr - Jun 2020

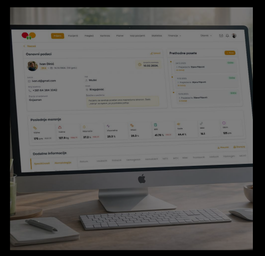

Completed a UI/UX design course covering user research, wireframing, personas, and core interface design principles.

FREELANCE

May 2019 – Present

Designed websites, digital products, and brand assets for local and international clients. My work has included website redesigns, user flows, interface design, branding, and selected print projects.

03

Education & Closing

My background combines formal education, design training, and years of hands-on experience. Each has shaped how I approach design and continues to influence the way I learn and grow.

EDUCATION & CERTIFICATES

FACULTY OF PHILOSOPHY

Degree in History (2016–2021)

POŽAREVAC GYMNASIUM

Natural Sciences and Mathematics (2012–2016)

COURSES

UI/UX Design
SAE Institute, Belgrade (2020)

Web Design
Faculty of Philosophy (2019)

Advanced Programming
Smartinit, Novi Sad (2018)

Basic Programming
Smartinit, Novi Sad (2018)

“Design is where usefulness meets aesthetics. Even in the age of AI, the goal stays the same, creating experiences that truly serve people.”

Design is how I think.
Here’s how to reach me.
